teapot

- 1 Start off with the top of your teapot and make a circle for the lid.

- 2 Draw the belly of your pot and make it nice and round.

- 3 Add a handle and a circle for the mouth of the spout.

- 4 Make your spout nice and curvy and draw a base for the pot.

- 5 Draw some details onto your pot and add a cute little cup! I like my tea with a little honey.

- 6 Pick your favorite colors.

cake in a box

- 1 Make two wide Vs to begin the box that will hold your cake.

- 2 Finish the front of the box by adding three vertical lines. Add a little frosting rose.

- 3 Draw the shape of the cake. Oooh, fondant!

- 4 Start the lid of your box by making a square.

- 5 Add some tabs to make sure the lid of the box is nice and secure.

- 6 Lastly, pick the color of your cake and put it in a classic pink bakery box.

cupcake tower

- 1 Start off with some almost-finished ovals to create the trays of the tower.

- 2 Then add the cupcakes.

- 3 Next, create some frosting and cherries. Wow! Looks delicious.
